Professional Summary

A results-oriented software engineer with a proven track record of leadership and client management. Transitioning from a successful career in operations and management to frontend development, I bring a unique blend of technical expertise and business acumen. Passionate about building intuitive, user-centric web applications and continuously expanding my technical skillset.

Experience

Frontend Developer & Software Engineer

Self-Employed | Quincy, IL | 2024-Present

- Develop and launch custom websites and applications for clients using modern frameworks like React and Vue.js.
- Collaborate directly with stakeholders to define project scope, gather requirements, and deliver polished, user-friendly products.
- Engineer responsive and accessible user interfaces, ensuring a seamless experience across all devices and platforms.
- Proactively troubleshoot and debug code to enhance application performance and user experience.
- Manage the full project lifecycle, from initial concept and design to deployment and ongoing maintenance.

Director of Golf

Hannibal Country Club | Hannibal, MO | 2022-2024

- Led all daily operations for the golf course, managing a team of staff and overseeing the successful execution of events and tournaments.
- Managed the club's budget, membership, and client relations, consistently achieving high levels of satisfaction.
- Coordinated with vendors for supplies, equipment, and event logistics, ensuring a high standard of service and quality.
- Developed and executed marketing strategies that increased member engagement and attracted new players to the club.

Skills

- **Web Development:** HTML5, CSS3, JavaScript (ES6+), React, Vue.js, Node.js
- **Version Control:** Git, GitHub
- **Design Tools:** Adobe XD, Figma, Sketch
